

## DIANA

SCORN OF THE MOON

### MOONSILVER BLADE

Every third strike cleaves nearby enemies for an additional magic damage.  
After casting a spell, Diana gains Attack Speed for her next 3 attacks.

### MOONFALL

Diana reveals and draws in all nearby enemies and slows them. If Diana pulls in one or more enemy champions, the moonlight crashes down onto her after a short delay, dealing magic damage in an area around her, increased for each target beyond the first pulled.
